

High-quality handmade sweets

TASTE & TRADITION sweets are a deluxe mix comprising 9 exquisite varieties, made at Svaneke Bolcher, Bornholm. Almost no two sweets are completely alike, which is a charming feature in our industrialised era. The excellent ingredients are not used sparingly and the taste proves it!

The lovely sweets are presented in a jar holding 100 grams, and there is something for every taste – adults and children alike.

A jar of deluxe sweets is a perfect gift for many occasions and many of our jars end up in gift parcels together with other fine products.
