

Bornholm Oblong Crackers

Crispbread-like crackers with whole-wheat flour and rapeseed oil

Bornholm Oblong Crackers are produced by Johannes Dam & Søn in Aakirkeby, which also produces the renowned Bornholm Rye Crackers.

These “oblong” crackers exemplify Danish baking at its best, distinguished by the sector’s proud traditions and respect for both the ingredients and handiwork.

Bornholm Oblong Crackers are ideal for breakfast, snacks and cheese platters.

The product was developed for quality-conscious consumers, as the crackers are made with whole-wheat flour (high fibre content) and rapeseed oil (low content of saturated fats). Also, no sugar is added to the crackers.

Bornholm Oblong Crackers have a delicate taste of wheat and a crisp, firm texture.
